

PARTS AND LOGISTICS

KING AIR | BEECH 1900 | EMBRAER 120

About Professional Aviation Associates

Based in Atlanta, Ga., Professional Aviation Associates, a Greenwich AeroGroup company has a proud history of providing quality and cost effective parts support since 1985. An integral part of a network of aviation services companies owned by W.R. Berkley Corporation, PAA is a global supplier of aircraft parts for the Textron Beechcraft King Air series, Beech 1900, C-12, T-44 and Beechjet aircraft as well as Embraer 120 Brasilia.

Our inventory includes one of the broadest Rotable Parts Exchange Pool in the world. Additionally, we stock thousands of hard-to-find rotatables and expendables inventory in our 46,000 square foot state-of-the-art Distribution Facility close to Atlanta's Hartsfield-Jackson International Airport.

King Air/Beech 1900 Parts

When you need parts for your aircraft, the last thing you want is a complicated process. You want

a trusted partner to help you get back in the air and on with life.

Professional Aviation Associates is that partner. We stock nearly all of what we sell so it's ready to go the moment you call. We're the largest independent King Air parts supplier in the world – keeping aircraft flying for more than 30 years. We have access to quick, global air service to get critical parts to your technician, when and where you need them.

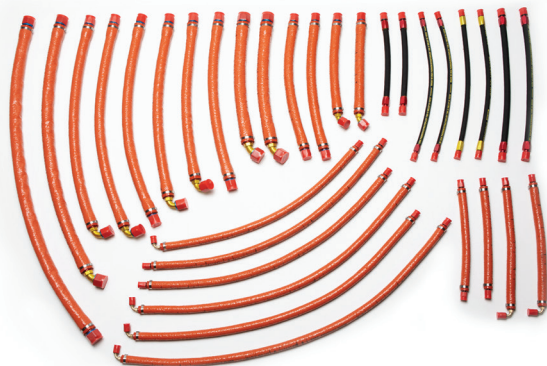

- Global distribution network
- Expert sales force
- Over 100,000 parts in stock
- Parts available include new OEM, overhauled, repaired and PMA (Parts Manufacturer Approval) parts.
- Competitive pricing
- Complete and fast customer service

Worldwide Hose Fabrication & Distribution

We are an authorized fabricator and distributor of Startoflex aircraft hose assemblies (TSOA). Fabricating hoses for turbo-prop, fixed wing aircraft and helicopters. We also offer complete hose kits and custom built hose assemblies to suit your needs as they arise.

We've fabricated more than 100,000 aircraft hoses over the past 10 years. We provide:

- Custom built assemblies and complete hose kits
- Uncompromising quality and reliability
- One of the best lead times in the business (1 to 2 days)
- Worldwide distribution and no export 8130 charges
- 100 percent satisfaction guarantee
- And, our hose kits include all the drain lines

Five year replacement flammable hose kit

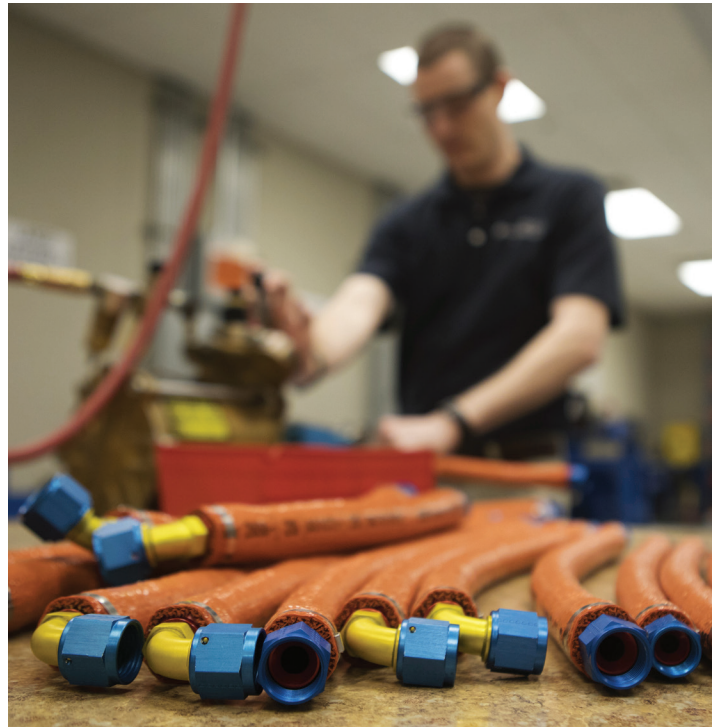

Our hose fabrication capabilities include:

- Approval charter up to size 12
- Maximum Operating Pressure up to 3000 PSI

Hose Applications

Aerospace hydraulic, fuel, pneumatic, coolant, oil systems, low-pressure air and vacuum instrument systems for:

- Business aircraft
- General aviation
- Helicopters
- Regional aircraft

OEM Partners

Professional Aviation Associates partners with many aircraft companies for superior aviation parts and services. These partnerships involve substantive provisioning and stocking to optimize support for our customers in over 50 different countries. The net result of our OEM partnerships is added value for our customer through more capabilities and options in order to lower lead times and provide a reduced cost-to-serve.
