

One Transaction. One Invoice. Done!

We've gained a lot of new customers recently, and we want to make sure you all know about our Flat Rate Exchange Program (FREP). It saves you the hassle of waiting to see if your core return passes inspections without overages. All critical parts are replaced every time to bring you the highest quality overhaul.

No Surprises Here!

- Budget accurately and in advance
- Cost is fixed and transparent

Our Flat Rate Exchange Program Eliminates:

- Risk of paying over and above charges on repairable like cores returned
- Caveats from maintenance event proposals
- Headache of receiving additional invoices after a maintenance event has been completed

Sample of parts included:

- Windshields
- Flap actuators
- Landing gear actuators
- Fire extinguisher
- Starter generator
- Tach generator
- Brake assembly
- Compressor drive motor
- Gearbox and motor
- GCU
- Fuel flow transmitter
- LDG control switch
- Fuel quantity probe
- Blower

Minimum 6 month/250 hour warranty or whichever occurs first. Excludes BER Cores.
